Dear Ian

I wanted to write and say a massive thank you for the client hospitality day you helped me with last month up at Kentfield Farm.

The day was a major success for ITV and over delivered on our expectations thanks to the excellence of your planning & execution and then the great client feedback I have subsequently received.

The flexibility & choice of activities from clay pigeon shooting to the quads meant there was something for everyone. That followed by the great food & hospitality provided by the fire at the lodge & then the Swan was 1st class.

I would highly recommend that anyone considering hosting an event at Kentfield should go for it knowing that their money will be well spent in providing an enjoyable, challenging & rewarding day.

We will definitely be back next Summer so I hope you're up for hosting an ITV World Cup party down at the lake side African lodge!

Thanks again for a great day out & have a Happy Xmas.
Best Wishes
